ALGEST 2022 : An Exhibition devoted to Subcontracting :

In an economic context marked by an uninterrupted growth and a cleaned up environment, the Algerian industrial potential should nowadays show itself in order to win in notability and competitiveness. Subcontracting is so in our country, insufficiently known and improperly used.

To boost the subcontracting , there is a need of a demonstrative reference with the purpose of better introducing and promoting its development.

In that Purpose, the "World Trade Center Algeria" in partnership with the BASTP "Algerian Stock Market of Subcontract and Partnership" decided to create ALGEST, an event devoted to subcontracting.

In a same place ALGEST comes as an industrial crossroad, a date Business opportunity and a wide opened economic window.

During four days, this exhibition will link major institutions of the related field: ministries, stock markets, labor unions as well as a considerable number of National & International firms from different sectors and activities nonetheless sharing the same target .

The exhibition's major aim is the building & strengthening of business partnership with Foreign investors;being a must for local SMES for an update of the new technological & management processes. This will allow a better integration with international standards.

This Event will be organized in various hubs in order to give the participants different areas for business meetings and exchanges , as well as the possibility of inquiring about Doing Business in Algeria .

An Opportunity to meet the contractors & Subcontractors of the following sectors :

- Mechanical Industry
- Electrical & Electronic Industry
- Rubber & Plastic Industry
- Industry of Paper
- Chemical Industry
- Industry of Glass & Ceramic
- Building Materials
- Machines & Equipments
- Services linked to Industry

ALGEST will, in addition be accompanied by thematic conferences and B2B meetings to enhance the impact that this exhibition will generate.
