The perspectives for investment and trade supported by the Balkan Process initiated by German Chancellor Dr. Angela Merkel in 2014 will be the main focus of the business forum, which is organized by the German-Albanian Economic Association in cooperation with the Embassy of the Republic of Albania. The states of the Western Balkan started enormous activities in the last years to modernize the legal framework for infrastructure and investment. The European Union supports this process significantly. Mr. Christian Hellbach, representative of the German Foreign Ministry for Southeast Europe will inform about the political objectives of the Berlin Process. Additionally, representatives of Albania, Macedonia and Kosova will inform about the perspectives for the region, especially in regard of interregional cooperation. The forum offers the possibility to get informations about the modernization, plannings and financing of business opportunities in the region of the Western Balkan.

The forum will take place on the occasion of the Albanian National Day on Thursday, 28th November 2017, from 4:00 p.m. to 6:30 p.m. in the Building Trade – Services – Tourism, Am Weidendamm 1A, 10117 Berlin, Germany. We kindly want to invite you to this business forum. Afterwards there will be the possibility to continue bilateral discussions at a get-together until 8:00 p.m.
